I'm Li Hua, one of your students in China. It had been almost a month since you left us. We all miss you such much that I am writing to express my great admire for your teaching me carefully.

I will never forget the days where we were together and what you did for us. At the beginning of your class, I could not completely figure it out what you were talking about. However, you often encouraged me practice pronunciation and praised my performance in front of the class. As the result, I won the first prize in an English speech contest last week, remind me of all your kind help. Do you still remember those tree we planted together on the hill behind the school?

We do hope to know more about you and your American students. Hope to keep on close touch.

В

One day a man was wondering how to deal with the fallen leaves he had been collected. He thought of a way to burn it up. And so he did. Just at that moment, Jack saw the fire with heavy smoke but he hurriedly asked his grandpa to come and see it. His grandpa managed put out the fire with water. Jack and his grandpa blamed the man over burning the leaves. They told him that burning leaves gave off poisonous gases, what could cause pollute. "In order to protect the environment, a best way

is to have them burying in the earth," said Jack's grandpa. The

man felt sorry for what they had done.
